

# Extend Your Snow Safari

## Extend your Snow Safari

### SILVER STAR SKI RESORT

BC's 3<sup>rd</sup> largest Ski Area with Champagne powder and varied terrain only a few hours bus ride from Big White. This resort offers true ski in, ski out access with 4 mountain faces, and progressive terrain. Our favourite is the backside of the mountain, an uncrowded paradise of Steep and Deep, black and double black diamond runs. There are loads of family friendly activities to enjoy such as sleigh rides, Evening Groomer rides to Paradise Camp for Dinner, Tubing and Ice Skating to name a few.

### SUN PEAKS SKI RESORT

It is like stepping into an Austrian Village! This is Canada's Second largest Ski area complete with Deep steeps, long cruisers, gladed areas, powder stashes and corduroy groomers. IT is three mountains surrounding a European-style, ski-through village filled with quaint shops, cafes and eateries. But it does not stop there with sleigh rides, Ice skating, and tubing and the highlight the Fondue Dinner and Evening Descent, a truly unique experience to ski the mountain by torchlight only. Our favourite runs would be Three Bears, and a visit to Gils!

### REVELSTOKE SKI RESORT

Affectionately known as Revy, this is a resort that caters more to the Intermediate – advanced Skier. With the highest vertical in North America, the terrain and scenery is inspiring to say the least. Often you will find yourself skiing above the clouds. Terrain on offer includes groomers, glades and options to Hike for fresh powder. Our favourite run is the Tally Ho Glades but Sssh it's a secret! With only one Ski IN/ski out accommodation option, Sutton Place definitely will not disappoint.
