## Luxury Hidden Gem Girls Getaway

*Dine, taste, laugh, hike and explore  
undiscovered areas of our backyard*

**Friday 06 November :** Today we will be collected and head out west from the Gold Coast. Our first stop involves an unique experience where we learn about a natural probiotic and healthy alternative to cow and sheep's milk; camel milk!. It also is a powerhouse of vitamins and minerals that can deeply moisturise and protect your skin.

See the products being made and taste delicious and award-winning camel milk, gelato and cheeses for a special first meal.

After a stop at a classic Queensland Aussie Pub, we head to a small boutique winery in the region well known for its Rose Style wines from the Chambourcy and Shiraz vines and one of Australia's best ports. Our wine tasting takes place over a picnic platter of local produce with picturesque views of the mountains while we listen to interesting stories from the owner.

Next we head to our exclusive boutique retreat for two nights. This 100 Acre property comes with luxury

twin share ensuite rooms taking in dramatic views to the Great Dividing Range. Enjoy a swim in the pool, sunset drinks around the bonfire and watch the sun slowly sink below the horizon. The retreat is all BYO so we can enjoy the wines from the winery and bring our favourite drinks form home ( Non alcoholic drinks are complimentary).

Dinner tonight is a gourmet 2 course meal especially prepared for us

**Saturday 07 November:** This morning after breakfast, a short transfer takes us to the start of our guided hike up to the Mt Cordeux lookout. We walk through lush tropical rainforest to reach the lookout and enjoy the spectacular views with Morning Tea, before finishing the walk.

Afterwards we quench our thirst with some samples of craft beer from the local microbrewery housed in a heritage-listed general store.

Then time for a well deserved lunch of amazing food, locally sourced and

farm fresh with some wine tasting.

After our bellies are full we head back to our retreat to enjoy the rest of the day, sunset drinks around the bonfire and a casual dinner.

**Sunday 08 November :** Enjoy a well deserved sleep in (or a walk around the property) and leisurely breakfast then we explore some local towns and take a smaller walk to Mt French Lookout.

To end our trip, we celebrate our Hidden Gem Getaway with a lovely lunch in a beautiful location with great food and live music. Once our bellies are full once again we return to the Gold Coast for late afternoon.

A getaway we will remember forever.
